Dear SCCA Media Partners:

Welcome to another fantastic year of SCCA Club Racing. Each season produces a wealth of stories that inspire a variety of emotions, everything from elation to heartbreak. We're happy to have you with us to share these stories with the world.

No matter where you are or what kind of racing you enjoy, SCCA Club Racing has it all; Detroit muscle scuffling in American Sedan, Showroom Stock taking grocery getters and pocket rockets from the driveway to the straightaway, high down force Formula Atlantics going wheel-to-wheel and several spec classes that take the car out of the equation and place all the pressure on the drivers themselves. With 113 regions across the United States, Guam and Puerto Rico putting on approximately 300 Club Racing events a year, there's never a race too far away.

Every year, Club Racers strive to qualify for the SCCA National Championship Runoffs®, which will take place Oct. 6 – 12, at Heartland Park Topeka. If you've never been to the National Championship Runoffs, you're missing out on some of the best racing, and the best stories, of the year. The paddock is loaded with more than 600 drivers who will compete in 25 different classes. All you need to do is ask around and our members will share with you what lengths each team had to go through to get there. It's no wonder every year SPEED has hours of personal vignettes to air with the races.

I would also encourage you to make a trip to the Runoffs this year at Heartland Park Topeka before it moves to Road America in 2009. The Topeka community and the staff at Heartland Park have welcomed this event with open arms and it has set the bar to which all future venues will be measured.

Thank you for your support of the Club and the sport. I hope you enjoy the races, wherever you may be,

A handwritten signature in black ink, reading "Jim Julow", with a long, sweeping flourish extending to the right.

WHAT IS SCCA?

Sports Car Club of America, Inc. was founded 64 years ago by a group of amateur motorsports enthusiasts and today boasts over 50,000 members. SCCA now sanctions over 2,000 amateur and professional motorsports events each year. With 113 regional chapters covering the entire United States, Guam and Puerto Rico, SCCA provides true grassroots participation and is the largest active motorsports membership organization in the world. Local events at nearby circuits remain the backbone of club activities. SCCA's volunteer staff provides everything from course marshaling to timing and scoring, at both club and professional events.

In addition to Club Racing, SCCA is the home to Pro Racing, RallyCross, Solo and RoadRally, all of which offer a wide variety of amateur and professional motorsports competitions. SCCA Enterprises, a wholly owned subsidiary of SCCA, constructs and maintains two cars, the venerable SCCASpec Racer Ford, a single-seat sports racer that is one of Club Racing's most popular classes, as well as the dual purpose Formula SCCA/SCCA Sports Racer, now in its sixth year, with Formula Enterprises making its Runoffs debut in 2008.

SCCA's Club Racing program is designed to fulfill the need of the "amateur athlete." It is a comprehensive, nationwide program featuring races held throughout the year that cater to the driver who perhaps prefers to test his or her skill on a part time basis, rather than compete full-time on SCCA's professional circuits. Nevertheless, because the competition at the club level is so fierce, many professionals also participate in this program to further hone their skills and compete at SCCA's National Championship Runoffs.

The amateur racing program is administered by SCCA's Club Racing Department. A full staff of SCCA personnel handles the needs of the amateur race car driver, developing a full schedule of 240 Regional events, along with approximately 30 Driving Schools, 45 Performance Driving Experience events and another 70 National races.

Club Racing is an integral part of SCCA. Of its 50,000 members, more than 55 percent are involved on the amateur level, either as drivers, crew, workers or officials. More than 9,000 SCCA members hold National and Regional competition licenses allowing them to compete within SCCA's Club Racing programs.

CLUB RACING CATEGORIES AND CLASSES

The following are the 30 classes that compete in SCCA Club Racing National events. Participation totals determine which 25 classes will take part in the Runoffs. Many of America's best racecar drivers today, such as Sam Hornish Jr., Buddy Lazier, Boris Said, Scott Sharp, Buddy Rice, Graham Rahal and Jimmy Vasser participated in some class within SCCA's Club Racing programs.

SHOWROOM STOCK CATEGORY

Late-model, mass-produced street cars like those bought right off the showroom floor. Aside from a bolt-in roll cage and safety equipment, there are very few modifications allowed to the cars. Classed by performance

potential into two classes: Showroom Stock B (SSB) and C (SSC).

Each class has over 30 different cars eligible to compete within that class. SSB is made up of entries like the Acura RSX-S, BMW Z4, Honda Civic, Mazda MX-5, Mini Cooper S and Pontiac Solstice. SSC is the slower, but no less exciting Showroom Stock class and includes cars such as the Dodge Neon, Honda Civic Si, Mazda 3 and Chevrolet Cobalt.

Many of the drivers in Showroom Stock move up to compete in the SCCA Pro Racing SPEED World Challenge® Championships.

PRODUCTION CATEGORY

Series produced cars which are allowed a range of performance modifications while retaining their original design, structure and drive layout. There is no age limit, such as Showroom Stock, so Production includes cars as old as 50 years and as new as

current body styles. The four performance potential based classes include: E Production (EP), F Production (FP), G Production (GP) and H Production (HP).

EP is the fastest of the Production classes with HP running the

slowest in the category. Several cars in the Production classes can be run in more than one class, just by changing the engine between races. Cars included in Production classes come from a diverse group ranging from the Datsun 510, MG Midget, B and A, Fiat X1/9, Alfa Romeo Spyder, Lotus Super 7 and Austin Healey Sprite, to the BMW 325, Mazda Miata, RX-7 and RX-8, Nissan 240, Honda Prelude, Suzuki Swift GTI and Toyota MR-2.

GRAND TOURING CATEGORY

GT cars are purpose-built, highly-modified "silhouette" replicas of series-produced sports sedans. GT cars are permitted tube-frame chassis with performance being equalized by allowing cars with smaller engines to compete at a

lighter weight. GT-1 cars are the fastest of the category, and many cars have run in the Trans-Am® series. GT-2, GT-3 and GT-Lite cars get progressively lighter and less powerful. Cars include Toyota Celicas, Mazda RX-7s, Nissan 200SXs, Honda CRXs and Austin Mini Coopers, just to name a few.

FORMULA CATEGORY

The six formula classes are all single-seat, open-wheel racecars. They are built to detailed specifications for weight, size and engine displacement. There are incredible power to weight ratios in each class. The six classes in

order of fastest to slowest are: Formula Atlantic (FA), Formula Continental (FC), Formula Mazda (FM), Formula Ford (FF), Formula 500 (F500), Formula Vee (FV), Formula Enterprises (FE) and Formula 1000 (FB).

Many of the winged FA and FC cars, along with several of the non-winged FF cars are produced by some of the same companies that make Indy-type cars such as Lola, Van Diemen and Reynard. FA cars have motors that generate as much as 240hp. FB cars use motorcycle power. The FC runs a stock 2-liter engine with about 150hp while the FF 1600 motors make around 120hp. FM utilizes a sealed Mazda rotary engine, while the FE car uses a sealed four-cylinder motor. FV includes many home-built cars, as well as cars built by proven manufacturers, and is one of the most competitive

and popular classes in SCCA. FV entries all run 1200cc stock VW engines. F500s run small displacement, two-stroke engines like snowmobiles, and are one of the least expensive classes to run in SCCA.

SPORTS RACING CATEGORY

There are four classes of purpose-built road racing cars with full composite bodies. Underneath, these cars are pure racing machines. The power plants in these cars vary from home-built "pieces and parts" engines to sealed identical motors.

The C Sports Racing (CSR) and D Sports Racing (DSR) classes feature a variety of chassis including home-built, innovative designs and manufacturer produced cars. These classes evolved from the old Modified category in the 1960s. Sports 2000 (S2) cars are open-cockpit, rear engine automobiles using a standard Ford 2000cc single overhead camshaft engine. The Spec Racer Ford (SRF) is a one-design, single seat car utilizing a sealed Ford engine. It is SCCA's largest class and continues to provide cost effective racing for over 800 competitors. By limiting the modifications and preparation costs, this class emphasizes driver ability over spending.

SEDAN CATEGORY

American Sedan (AS), comprised of Chevrolet Camaros, Pontiac Firebirds and Ford Mustangs, are production-based chassis with modified suspensions and brakes. Engines are carbureted 302 and 305 CID V-8s that have been balanced and blueprinted.

TOURING CATEGORY

In response to the ever increasing performance of today's street cars and to expand participation by various manufacturers, SCCA has developed a category for those high performance cars which,

because of their performance potential, required some changes to their wheel/tires and suspension components. Touring 1 (T1) features the Dodge Viper, Chevrolet Corvette, Porsche 911 and Ferrari 360. The most recent Viper and Corvette Z06 models as well as the Ford GT are found in Super Touring (ST). Front runners in T2 are the Camaro/Firebird, Mustang GT, BMW M3, Dodge SRT-4, Cadillac CTS-V, Mitsubishi Evo and Subaru STi. In T3 you'll find such models as the Mazda RX8, Audi TT, and Chevrolet Cobalt SS.

SPEC MIATA

Making its debut in 2006, the Spec Miata (SM) class is intended to

provide the opportunity to compete in low cost, production-based cars with limited modifications, suitable for racing competition. The rules are intentionally designed to be more open than the Showroom Stock class but more restricted than the

Improved Touring class. Five generations of Mazda Miatas are approved for competition, including those built from 1990-93, 1994-95, 1996-97, 1999-2001, and 2001-2005, each model with its own set of restrictions to level the playing field. Drivers can move up to the pro-ranks of the Mazda MX-5 Cup.

PREPARED CATEGORY

The prepared category was designed to allow older World Challenge cars a place to compete alongside more recent models built to the same specifications. B Prepared (BP) is home to Cadillac CTS-Vs, Pontiac GTOs, Chevrolet

Corvettes and Ford Mustangs, while D Prepared (DP) is where you'll find Mazda Proteges and 6s, Acura RSX and TSXs and Audi A4s.

THE STRUCTURE OF CLUB RACING

Club Racing is the backbone of the SCCA with a program for almost everyone. Club Racing offers the opportunity to experience the excitement by climbing into a race car and competing against other amateur drivers or working on a corner within inches of all the action.

WORKERS AND OFFICIALS

Getting involved as a worker or official is as easy as going to a local event and volunteering to help. Workers are issued a license just like the competition drivers, and can work their way up through the four levels of licenses by participating at different events and gaining the knowledge and experience necessary to hold a national specialty license. SCCA licensed workers help staff most of the motorsport events held in the United States in one capacity or another.

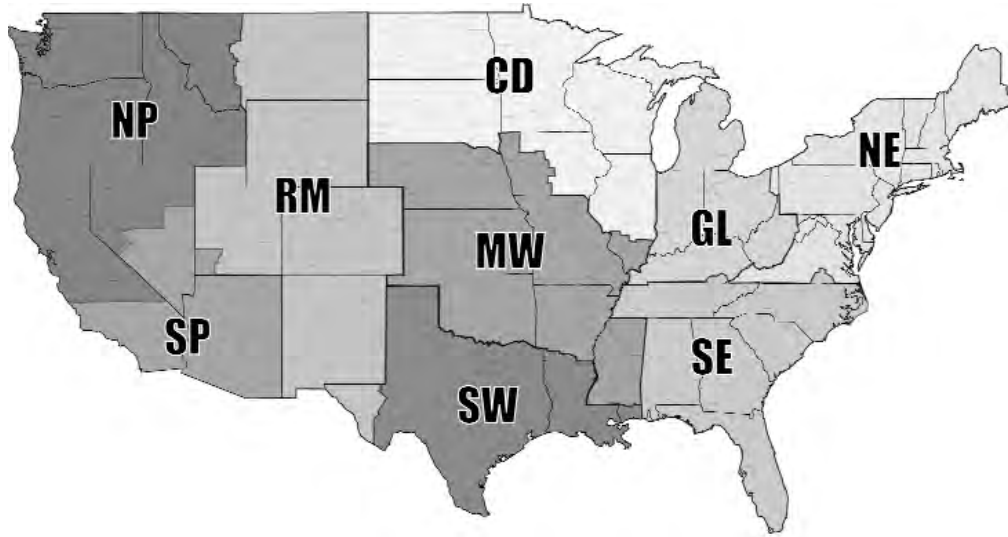

COMPETITION DRIVING

Club Racers begin their racing careers by participating in two Driver's Schools. Successful completion of these schools makes the amateur driver eligible to compete in Regional races. There are over 2,000 SCCA members who hold regional competition licenses and who usually only compete at races in their own area of the country. After six Regional events, the SCCA Club Racer has completed the requirements for National competition.

Each year, the SCCA regions organize approximately 70 National races throughout the country. National events, culminating with the Runoffs, are the most prestigious within Club Racing. Many National races are spectator events and the Club Racers have the opportunity to put on a show in front of crowds of people. National Club Races are only one step below SCCA Pro Racing series, and many of the Pro drivers in SCCA series, as well as other series, came out of the SCCA Club ranks.

Among the largest Club Racing events held each year are the June Sprints® at Road America, the Rose Cup at Portland, the Winter Nationals in Florida, the Glen Nationals and the Double National at Pocono. This year Heartland Park Topeka will host a double National over Labor Day weekend. The biggest event in Club Racing each year is the SCCA National Championship Runoffs.

SCCA DIVISIONS

The Sports Car Club of America is divided into Divisions and within those boundaries are Areas consisting of Regions. In a nutshell, members belong to a particular Region; that region is within a particular Area within a Division.

Areas and Divisions were created to break down the administration of SCCA into smaller areas. An Area is governed by a Director and Divisions handle the administration of competition programs including Club Racing, Time Trials, Solo, RoadRally, and RallyCross although each Region sanctions individual events.

SCCA Divisions are as follows:

NP - Northern Pacific

SP - Southern Pacific

RM - Rocky Mountain

CD - Central

MW - Midwest

SW - Southwest

GL - Great Lakes

SE - Southeast

NE - Northeast

*Alaska is included in the Northern Pacific Division, Hawaii and Guam are included in the Southern Pacific Division and Puerto Rico is in the Southeast Division.

THE SCCA® NATIONAL CHAMPIONSHIP RUNOFFS®

The SCCA National Championship Runoffs have evolved into what is now commonly agreed to be the pinnacle of American motorsports. The Runoffs were named by Car and Driver magazine as one of the Top 10 racing events in motorsports. 2007 marks the 45th edition of the Runoffs and the third year for the event to be held at Heartland Park Topeka before moving to Road America in 2009.

Approximately 700 drivers are competing for National Championship medals in 25 different classes. This event at Heartland Park promises lots of exciting competition and close racing. A new track configuration for the 2007 event created a new challenge for the drivers, but this year, returning competitors may have the upper hand over Runoffs rookies.

QUALIFYING FOR AN INVITATION

Each of the nine divisions holds a minimum of six National events where drivers compete for national points to gain an invitation to the Runoffs.

Each contender can participate in as many National races as they want, but can only count the points from their top six finishes.

Only the top ten competitors per division in each of the 25 classes are invited to the Runoffs, so competition usually comes down to the last National

events of the year held sometime around Labor Day weekend. Many drivers spend the end of the summer "chasing points" by traveling to races out of their own division and acquiring the extra points necessary to guarantee them an invitation to the prestigious Runoffs.

WHY GO TO THE RUNOFFS?

While the big names make thousands or even millions of dollars a year, club racers normally compete for trophies. There are a few classes supported by contingency sponsors throughout the season, but, most of the time, when a club driver is on the track it is for fun and to test himself against his fellow competitors.

Winning a National Championship at the Runoffs means defeating the best club racing has to offer as well as bragging rights to say "I am the best in the country." The long list of past National Champions reads like a who's who of motor racing. Bobby Rahal, Graham Rahal, Jimmy Vasser, Scott Sharp, Elliott Forbes-Robinson, Skip Barber, Boris Said, Michael Galati and Paul Newman are just a few of the familiar names. For many of these drivers, a National Championship was just a stepping-stone on their way to making a name for themselves in auto racing.

A National Championship looks good on the racing resume and can help with sponsorship proposals for the following year. Securing a sponsor can help with a bigger and better season for the following year, be it in Club or Pro.

SCCA NATIONAL CHAMPIONSHIP HISTORY

From 1951 through 1964, Sports Car Club of America determined its amateur road racing National Champions on a nationwide point basis from the United States Road Racing Championship, a select series of National races run throughout the country. In the first three years, only one overall champion was named. From 1954 on, champions were named in each of the SCCA amateur classes.

In 1964, it was decided that a better way would be to gather the best amateur road racers in one place to compete against each other in an Interdivisional Championship Event. In the first two years, the winners were not officially recognized as the SCCA National Champions. 1966 was the first year the event was officially designated as the SCCA National Championship event. In retrospect, The Runoffs winners of 1964 and 1965 are similarly recognized.

In 1964, then, there were two Championships - the final year of the point series and the first year of the Runoffs.

THE HISTORY OF THE RUNOFFS

Over the years, the name has changed as well as the method of qualifying for the event, but the idea has remained the same: gather the best amateur road racers in one place and let them compete against each other.

For the first six years, the event alternated between Riverside International Raceway in California (1964, 1966 & 1968) and Daytona International Speedway in Florida (1965, 1967 & 1969).

For the next 24 years the Runoffs were held at Road Atlanta in Braselton, Ga. The Runoffs moved to Lexington, Ohio's Mid-Ohio Sports Car Course from 1994 to 2005. In 2006, the Runoffs added a fifth track to its resume, that of Heartland Park Topeka in Topeka, Kan.

During the early years, the event was known as the American Road Race of Champions (ARRC). The first year at Riverside saw 183 cars entered in 13 races for 17 classes. Practice began on Wednesday with qualifying Thursday and Friday and races Saturday and Sunday. In 1973, when Champion Spark Plugs signed on as the event sponsor the name became the Champion Spark Plug Road Racing Classic (CSPRRC). In 1983, the words "The Runoffs" were added to the Champion Spark Plug Road Racing Classic, and then, in 1985, Valvoline Oil took over as sponsor of the event and it became the Valvoline Road Racing Classic - The Runoffs (VRRRC). 1987 saw the name shortened to just "The Valvoline Runoffs," which was used until 2005 when Kohler was named as the presenting sponsor. The 2007 event was sponsored by AT&T.

Many Club drivers do not want to be professional drivers one day and are content to test themselves each year at the Runoffs, which makes for many return entries each year. During the 24 years that the Runoffs were held at Road Atlanta, many of the competitors gathered quite a following of local fans.

The number of entries has grown steadily over the past 30 years. The 1995 Runoffs had 670 starters, the highest number ever prior to 2004's eclipsing of 700, with 709 drivers starting in 24 class races. With increased television coverage through SPEED, spectator interest has increased. Attendance over the past 30 years has averaged 15,000 people per year!

The biggest race in Club Racing has always been supported by the workers from across the country. Each year the event attracts workers from as far away as Hawaii and Canada.

THE FUTURE OF THE RUNOFFS

With the potential for over 2,000 entries, the Runoffs still have a lot of room to expand before reaching its peak. One of the main goals of SCCA Club Racing is to broaden the appeal of the Runoffs and National Racing so even more of the eligible competitors will want to compete at the National level and work toward attending the Runoffs.

In May of 2008 it was announced that following three years of racing at Heartland Park Topeka, the Runoffs would move to Road America for 2009 through 2011. While there is no minimum or maximum to the number of years a track may host the Runoffs, the concept of rotating the Runoffs to different tracks every three to five years seems to be the new direction of the event.

THE FUTURE OF SCCA CLUB RACING

Today, the Sports Car Club of America is the leading sanctioning body in motorsports. SCCA is based on membership and participation and the plan is to continue to provide the members the best benefits of any organization in the motorsports industry. In 2002, SCCA relocated its headquarters from Denver, Colo. to Topeka, Kan. in a state-of-the-art 20,000 square foot building. SCCA is recognized as the leader in motorsports event operations, and continues to provide expertise to other sanctioning bodies in North America.

If the growth of the event over the past several years is any indication, the SCCA Runoffs will continue to be the pinnacle of American motorsports. The amateur racer is excited and proud to be a part of this prestigious event, ensuring that the Runoffs will remain the top event in amateur motorsports for years to come.

FORMER NATIONAL CHAMPIONS

Note: Number in the right column denotes the number of Championships the driver had won at that time.

From 1951 through 1964 the National Championships were decided by the total number of points received in the United States Road Racing Championships, the National race series of the times. It was only beginning in 1966 that the winners of the Interdivisional National Championship Event (the Runoffs) were considered the National Champions although the Runoffs winners of 1964 and 1965 also are listed here. As there were both a points championship and a Runoffs in 1964, those drivers who were Runoffs winners in 1964 are marked with an asterisk (*).

RUNOFFS POLE WINNERS

From 1951 through 1964 the National Championships were decided by the total number of points received in the United States Road Racing Championships, the National race series of the times. It was only beginning in 1966 that the winners of the Interdivisional National Championship Event (the Runoffs) were considered the National Champions although the Runoffs pole winners of 1964 and 1965 also are listed here. Number in right column denotes number of career poles at that time.
